There is a revival meeting going
on this week at the Baptist church.
The meetings are being well
attended and much interest is man-
ifested.

What is the matter with side-
walk building? Many of our
property owners complied with the
city ordinance and built walks
right away while others seem to
pay no attention to it.

Tucumcari is going to be a live-
ly trading point for the next two
weeks. Clearance sales are be-
ing conducted by Gross, Kelly &
Co., The M. B. Goldenberg Co.,
and Israel. All of them are push-
ing things in a business way.

The city needs better railway
crossings than we have at present
and the people are anxious to see
something done immediately. The
situation is too dangerous to pass
without notice and a serious acci-
dent may be prevented by imme-
diate action for good crossings.

Tucumcari leads all other land
districts in the number of home-
stead filings to date. Up to July
1, this year there was 3,700, and on
many of them there is corn that is
going to make 50 bushels per acre.

Who Will Be President?

The Forum which makes a spec-
ialty of the discussion of political
and economic subjects, predicts
that President Roosevelt will be
re-nominated by the Republicans
in less than a year from now; that
he will firmly decline the nomi-
nation and that then either Taft
or Fairbanks will be nominated
although at present the contest for
the nomination is an open one,
with a fair field and no favor.
Vice President Fairbanks has the
most extensive organization while
Secretary Taft is regarded as the
favorite of President Roosevelt.
Says the Forum: "The nominee
must come from the West and out-
side of Taft and Fairbanks there
is no one in the western field who
is available save Mr. Cannon,
whose age may bar him from con-
sideration." The Forum contin-
ues that Bryan will be the nominee
of the Democrats and that if he
declines, the choice will lie be-
tween Judge Gray of Delaware
and Governor Johnson of Minne-
sota. The last named is obvious-
ly to be most feared for he has
twice carried a strongly Republi-
can state because he is a "washer
woman's son" and nothing appeals
so much to many voters as the
story of the humble origin of a
presidential candidate. As to the
issues they will be mainly federal
control of corporations and tariff
reform. Both parties will advo-
cate these but they will differ as to
the means and the extent of carry-
ing those policies into effect. This
seems to be a concise and logical
summing up of the situation as it
appears today to the careful ob-
server. The New Mexican might
add, however, that at no time did
the chances for Republican suc-
cess appear so strong and bright

and that these chances are apt to
improve each day, so that on e-
lection day of 1908 the Republi-
cans will be overwhelmingly vic-
torious.—New Mexican.

It is certainly a good recommen-
dation for any community to have
a good public school but Tucum-
cari takes the record this year, we
have a 15 mill levy for school pur-
poses, 10 of it voted by the tax-
payers and 5 mills levied by the
county commissioners. This
means that we are to have a school
fund that will pay our six or seven
teachers and run nine or ten
months. Prof. C. E. Ware is the
principal and an excellent teacher,
and assistants will be employed
this year whenever needed and the
rooms will not be crowded as
heretofore. The new annex will
be completed in time for the open-
ing in August which will give
two additional rooms. There is
going to be a second building put
up in the Buchanan Addition so
the outlook for school in Tucum-
cari this fall is very flattering.

The next national convention of
Elks will convene in Dallas, Texas.

We are informed that Montoya
is going to have a newspaper and
a building is being erected for that
purpose. A good lively local
newspaper will be a great help to
Montoya and the News will be
pleased to see the people have it.

Tucumcari and the surrounding
country had a fine rain Wednesday
evening and night. This down-
pour came in an opportune time,
just as the corn was growing into
silk and tassel. This rain makes
the corn. What a blessing to
many people who came here with
limited means to settle homes, a
good crop gives them a new lease
of life.
